Juice extractors

Ultra-Fresh flavorful juices in seconds !

- Ultra fresh juices make delicious drinks : Naturally sweet, bursting with flavor. Drink straight from the glass or through a straw, they are popular with young people
- Dare to mix ! A great way of getting children to consume nutrient rich fruits and vegetables without them noticing.
- Treat children to a wide range of flavors in a rainbow of colors that look as good as they taste.

Two ways of using the juicer:

- 1 Pulp ejected into a container.**
Large capacity translucent pulp collector.

- 2 Continuous pulp ejection*.**
Pulp ejection chute: continuous pulp ejection directly into a bin under the worktop.

* Available for the J 100 Juice Extractor

Select your model :
